

2.5 SQUARE STRIP

BY
RON REZEK

RON REZEK

California born and based, Ron Rezek's early career included designing the first modern lifeguarding equipment. A student of Charles Eames he is best known for approaching the category as a design object and thereby creating the contemporary ceiling fan market.

SIMPLICITY

Composed of a frosted acrylic diffuser and an extruded aluminum body 2.5 Square Strip is simple in design with an industrial feel, being defined by its efficient functionality features.

FUNCTIONALITY

Available in three sizes in white powder coat or anodized aluminum finishes, the 2.5 Square Strip provide direct diffused linear lighting particularly suited for bathroom or mirror application. This wall mounted light fixture is also ADA compliant.

REIMAGINED

2.5 Square Strip has been reimagined in LED, to adapt to today's standards of intelligent, eco-friendly, and energy efficient lighting.
