Fixture Size	20"	
Shade Finish	spun solid brass (CM-091)	R
Suspension	corded (CM-008)	C
Includes	brushed brass (CM-008)	

After working with drum cymbals on a few custom projects, we grew to appreciate the design and engineering that goes into these beautiful objects. Cymbals have a simple form, rich texture, and a beautiful brass finish. Modernism is often about utilizing what already exists and repurposing things, which is what we did with this fixture. The Ico looks excellent when paired with a simple light bulb.
