La nuova versione a batteria da esterno mantiene le caratteristiche della lanterna ma con un tocco più sofisticato: la fonte luminosa ha un nuovo look che la rende molto più contemporanea e accattivante. La simulazione della lampadina crea un alternarsi di linee conferendole un aspetto più moderno, permettendo, inoltre, una performance migliore.

La finitura bronzo di Muse Lantern è stata trattata per resistere agli spazi esterni e agli agenti atmosferici, la maniglia presente è in cuoio intrecciato marrone testa di moro. Il diffusore in materiale plastico rimane nella finitura ambra trasparente. Muse Lantern Outdoor Battery è disponibile nelle dimensioni small, medium e large.

The new outdoor battery-powered version maintains the characteristics of the lantern with a special touch: the light source has a new look that makes it much more contemporary and captivating.

The simulation of the light bulb creates an alternation of lines giving it a more modern appearance, also allowing a better performance.

The bronze finish of Muse Lantern has obviously been treated to resist in outdoor spaces and weathering, with a braided leather handle. The plastic diffuser in the Lantern version keep the transparent amber finish.

Muse Lantern Outdoor Battery is available in small, medium and large size.
