City Pendant

Designer Thomas Bernstrand had lofty ambitions when he invented the City pendant, a fixture made of painted aluminum that takes industrial chic to an entirely new level! Standard colors are black and gray but the pendant can also be ordered in custom colors upon request. Internal shades are white painted aluminum and each comes with a matt glass diffuser. The kicky fixture can be ordered with or without the grid covering the bottom opening.

Ordering Matrix

Model

3390306 = LED (Black)
 3390366 = LED (Beige Gray)
 8396106 = Fluorescent (Black)
 8396166 = Fluorescent (Beige Gray)

*Cord: Black

LED

1 x 6W E26 Frosted Globe (Dimmable)
