Sainte ATELIER

06

Sainte is about the forces that anchor us — a suspension light in dialogue with gravity. It is a dance of contrasting materials and an equilibrium of opposing forces. Streamlined yet impactful. With four variations available, models 06, 07, 08 and 09, the Sainte Atelier series reimagines the archetypal rectangle in an array of rich, colourful glass — an elegant mass floating in space and supported by a robust nylon ribbon. The scrumptious colours for this series harken a sense of majesty: the lighting itself creates a spectacle.

Sainte Collection is a collaboration with designer Rachel Bussin.
