	100 ft (30 m)		60 ft (18 m)	12 AWG (4.0 mm ²)

Wire Type: Stranded Class 2 wire (supplied by others)

MOUNTING NOTE: 4" x 3-1/2" deep (min) junction box with 3" x 1-1/2" deep (min) mud-ring required for INTEGRAL drivers. 4" x 1-1/2" deep junction box with 3" mud-ring optional for REMOTE drivers.

Features

MPT2 Surface mount with 4" SQUARE or ROUND canopy for use with INTEGRAL or REMOTE mounted LED driver. Rotates 320° and tilts 110°. Use for adjustable accent, wall wash, and general lighting applications. Multiple lengths available - see Page 4 for additional details. Features integrated snoot with 1/2" beveled regress for glare control.

Installation Notes

Ceiling or wall mountable. For low and standard output options, junction box may be installed in direct contact with standard or spray-foam thermal insulation with a max combined R-Value of R42. For high output options, junction box may be installed in direct contact with standard or spray-foam thermal insulation with a max combined R-Value of R30. For low and standard output options, ambient temperatures adjacent to fixture should not exceed 40°C (104°F). For high output options, ambient temperatures adjacent to fixture should not exceed 25°C (77°F). For all output options, ambient temperatures adjacent to remote mounted drivers should not exceed 25°C (77°F). UL damp listed (covered ceiling/wall applications). Not for wet locations.

Finish Notes

White finish is field paintable. Lot variation may occur with specialty finishes. Ordering ALL fixtures at the same time is recommended to minimize finish variation.

LED Option and Accessory Notes

To ensure fixture to fixture color consistency, use of the same LED option with adjacent fixtures is recommended. One field interchangeable optic option included standard. Up to three additional optical accessories can be accommodated.

Dimming and Output Option Notes

No.8 Lighting conducts extensive testing to establish compatibility with many dimmer types. For a complete list of compatible dimmers, see Blighting.com/resources-downloads. Outputs vary depending on LED type, trim type, and optical accessories used. For photometric files in PDF and IES formats, see Blighting.com/mp2-series.

Warranty

All No. 8 Lighting products are covered by a 5 year limited warranty. For specific warranty details and limitations, see Blighting.com/resources-downloads.

JAB-2022 CA Title 24 Compliant.

Wire Type: Stranded Class 2 wire (supplied by others)				

MOUNTING NOTE:

Must attach to suitable blocking to support the installation. Allow sufficient space for low voltage connections at back of fixture canopy. Fixture does not install to a junction box or standard mud ring.

Features

MPT2-RT Surface mount with 2.5" SQUARE or ROUND canopy for use with REMOTE mounted LED driver. Rotates 320° and tilts 110°. Use for adjustable accent, wall wash, and general lighting applications. Multiple lengths available - see Page 4 for additional details. Features integrated snoot with 1/2" beveled regress for glare control.

Installation Notes

Ceiling or wall mountable. For low and standard output options, ambient temperatures adjacent to fixture should not exceed 40°C (104°F). For high output options, ambient temperatures adjacent to fixture should not exceed 25°C (77°F). For all output options, ambient temperatures adjacent to remote mounted drivers should not exceed 25°C (77°F). UL damp listed (covered ceiling/wall applications). Not for wet locations.

LED Option and Accessory Notes

To ensure fixture to fixture color consistency, use of the same LED option with adjacent fixtures is recommended. One field interchangeable optic option included standard. Up to three additional optical accessories can be accommodated.

Finish Notes

White finish is field paintable. Lot variation may occur with speciality finishes. Ordering ALL fixtures at the same time is recommended to minimize finish variation.

Dimming and Output Option Notes

No. 8 Lighting conducts extensive testing to establish compatibility with many dimmer types. For a complete list of compatible dimmers, see 8lighting.com/resources-downloads. Outputs vary depending on LED type, trim type, and optical accessories used. For photometric files in PDF and IES formats, see 8lighting.com/mpt2-series.

Warranty

All No. 8 Lighting products are covered by a 5 year limited warranty. For specific warranty details and limitations, see 8lighting.com/resources-downloads.
