

PILKE 28 TABLE

Designed by Tuukka Halonen
2016 GREEN GOOD DESIGN AWARD

DESIGN & INSPIRATION

The inspiration for the Pilke 28 came from traditional Finnish shingle work, but Tuukka Halonen upgraded the design to a modern structure made with today's state of the art technology. Repetition of plywood parts in right angle creates beautiful subtle friction to light. No glue or screws are used. Pilke is a unique, decorative light fixture, giving natural warm light through its wooden structure. The word Pilke is a Finnish word for Twinkle.
