The Linea Selva chandelier is a bold design with timeless characteristics. The hand-crafted wood and hand-blown glass are in sync, and celebrate Siemon & Salazar's appreciation of the natural world and their commitment to using the highest quality materials made by true artisans.

The Linea Selva 490 is part of the Linea Collection, which includes fixtures in a various configurations and materials. See the full collection at [siemonandsalazar.com](http://siemonandsalazar.com).

Linea 460 and Linea 490 differ in how the crossbars meet. The crossbars meet at a 60° on the 460 and 90° on the 490. The Linea 460 works well in linear applications, over a bar, island or rectangular table, while the 490 works well over round tables.

## Linea Selva 490

chandelier

PLAN VIEW
