

SLAB W20

LUKAS PEET / 2013

SLAB W20 - White Wool

DESCRIPTION

A LED wall light covered in industrial grade felt made from 100% natural Merino wool, available in a variety of colours.

The starting point of the slab light was to create a light fixture that would reduce the acoustic ambient sound in the environment that it is hung in. This is achieved with the dense felt.

Designed to have a large sound absorbing face and contrasted by its minimal 1.5mm thick edge. The fixture has a noticeable but not overwhelming presence.

MOUNTING TYPE

Wall Sconce

MANUFACTURED

Canada

DIMENSIONS

16.5 x 27.5 x 6 cm / 6.5" x 11" x 2.3"

FINISHES

White Wool

Marigold
