A luce spenta, la lampada si manifesta come una scultura affissa alla parete.  
A luce accesa è circondata da un'aura luminosa che ne ridisegna i confini e ne esalta l'impatto emotionale.

Lorsque la lumière est éteinte,  
la lampe se manifeste comme  
une sculpture apposée au mur.  
Lorsque la lumière est allumée,  
elle est entourée d'une aura  
luminouse qui redessine ses  
limites et renforce son impact  
émotionnel.

Im ausgeschalteten Zustand  
manifestiert sich die Leuchte  
als eine an der Wand befestigte  
Skulptur. Wenn das Licht an ist,  
wird sie von einer leuchtenden  
Strahlung umgeben, welche  
die emotionale Wirkung noch  
verstärkt.

Cuando apagada, la lámpara se  
manifesta como una escultura  
pegada a la pared.  
Encendida, se rodea de un  
aura luminosa que redibuja sus  
límites y potencia el impacto  
emocional.
