Includes
brown leather (CM-098)
frosted polymer (CM-057)

On our Cerno journey, we continue to evolve as designers and craftsmen. The Penna is a celebration of us drawing and reflecting on our last ten years. This design is an embodiment of all the lessons that we have learned from designing and building thousands of lights. This fixture balances utility and sophisticated beauty well. The walnut, brass, and leather work in concert to compose a modern form with materials that have been used for thousands of years.

Nick Sheridan
Designer
