## Arco - Specification Sheet

by Achille and Pier Giacomo Castiglioni, 1962

Mounting	Free Standing
Lamp (Bulb) Description	1 x 100W A-21 Medium Silvered Bulb Incandescent (Included)
Environment	Indoor - Dry Location
Dimming	Dimmable
Finish	Stainless steel
Technical and Product Description	The Arco lamp has been in continuous production since 1962 and is now considered a design classic. One of the unique features of this design is that every part has a function including the beveled corners (designed not to hurt) and the hole for easier lifting of the base.

This modern floor lamp comes with a genuine Carrera marble base that supports a spun aluminum reflector via a curved stainless steel adjustable stem. The height extends to almost 7-feet, allowing placement of a table or a couch underneath. The Arco floor lamp is available in LED or incandescent and provides direct and indirect light. Stainless steel finish.

On a side note, this lamp has made its appearance in the entertainment world appearing in the James Bond sequel, "Diamonds Are Forever" and "The Italian Job".
