## Baluna Table/Wall with Cord

A modern and technical interpretation of a classic form, the Baluna Table/Wall light with cord, by Grupa is a sculpture of wonder. Made by master craftsmen, every element has been carefully designed and manufactured to illuminate performance and style. The powder-coated steel body is shaped, welded and assembled by hand. A triple coated, handblown opal glass diffuser rotates around its axis indefinitely. Dimming can be achieved using the cord switch or a wall dimmer if hardwired.
