## Lumo Wire Pendant

Design by: Thomas Bernstrand

Designed by Thomas Bernstrand for Zero Interior, the Lumo Wire pendant has a conical shade that fastens cleverly to a cable strung on a wire. Made of painted die-cast aluminum, the shade comes in black, orange, gray, green, and brown/gray, and can be ordered in custom colors upon request. A matt acrylic diffuser is standard, and the pendant can also be ordered with a micro-prism diffuser. String multiple shades along a cable to create a bright installation. A power cord will be supplied with this fixture but it does not come with aircraft cable.
