Stratos Collection

Makeup 1 Pendant

Putting a proud face on design has always been a talent of Matteo Ugolini's and he's considered the cosmetics of a space even more resolutely with his Makeup series of fixtures.

You won't miss that smudge in your mascara with the Makeup 1 pendant, Ugolini's nod to British physicist and chemist Joseph Wilson Swan, who was famous for his role in the development of the first incandescent bulb. This pendant with its fluted shape comes in clear frosted or smoked frosted glass.

Design by: Matteo Ugolini
