

Ay Illuminate

Pickle Small Pendant

Design by: Ay Lin Heinen & Nelson Sepulveda

Playing off its elongated shape, Ay Illuminate's sense of humor is showing with the name of this braided fixture. The Pickle Small pendant is made of rattan that has been woven into intricate rows, the vertical strips fastened by horizontal ribs of the same material. Draped over a metal frame, this pendant joins a long list of the company's light fixtures that cast patterns on surrounding surfaces. We offer the Pickle in natural and black finishes, and in a larger size.

Ay Illuminate keeps true to their commitment to protect the environment by producing this fixture free of any chemicals, preserving the beauty of these natural materials.
