

Willowlamp

Single Spiral Pod 400 Pendant

Design by: Adam Hoets

The Single Spiral Pod Pendant 400, designed by Adam Hoets for Willowlamp, is a double-closed spiral that folds into itself like a 3-d mobius strip. The shape was inspired by the spiral profile of seashells. Made of metal beads dangling from flat metal bands that dictate the fixture's shape, the pendant is ethereal and elegant, a hallmark of this brand. The pendant is available strung with silver, smoke, copper, brass, rust, white, red, and black beads. Custom colors available upon request.
