## Via Rizzo 7 Compact Pendant

The Via Rizzo 7 pendant by Matteo Ugolini is reminiscent of street lamps in his hometown when he was a boy. These old-fashioned utilitarian objects, which witnessed the laughter and tears of his youth, have been reinterpreted into classically clean fixtures of gray matt ceramic with white interiors. The shape reads like a beautifully sculpted, inverted Japanese rice bowl with an artful stem. This pendant comes in two sizes, its pale colors adding to the serenity the light signifies.
