Model Bugia Mega

Round, compact forms featuring elegant finishes with a centre that shines like a precious stone. Once lit up, Bugia amazes with the unexpected effect of its light. A surprising and harmonious balance between direct and indirect light, diffused both downward and up toward the ceiling. A rich family of ceiling lights, in *Single, Double, Triple* and now also *Mega* versions.

Bugia Mega	Light source	Structure: Metal	Diffuser: Methacrylate	Code
