

APPLIQUE DE MARSEILLE

Le Corbusier

Applique de Marseille, designed by Le Corbusier in 1938/1939 for his Parisian flat in Rue Nungesser et Coli, provides direct and diffused light: two cone-shaped lampshades orient the light upwards and downwards, providing uniform and sharp light beams. The Mini version preserves the same allure in a compact version.

E26 FLUO/LED/HALO

LAMPING

Source	E26
Total power	2x52W
Emission	direct + indirect
Switching	mono switch dimmable according to bulb
