SECTO DESIGN

Secto Design is a manufacturer of quality wood light fixtures with its HQ and factory in Finland.

Established in 1999, it is a family owned business run by its founder Mrs. Tuula Jusélius along with her son Joakim Jusélius.

Secto Design natural birch fixtures designed by award-winning Finnish Architect Seppo Koho create a warm clean elegance which enhances all styles of architectural design.

Secto Design products are shipped throughout the world for both commercial and residential applications.

VALUES

RESPONSIBILITY:

Secto Design is committed to socially, economically and environmentally responsible production in Finland.

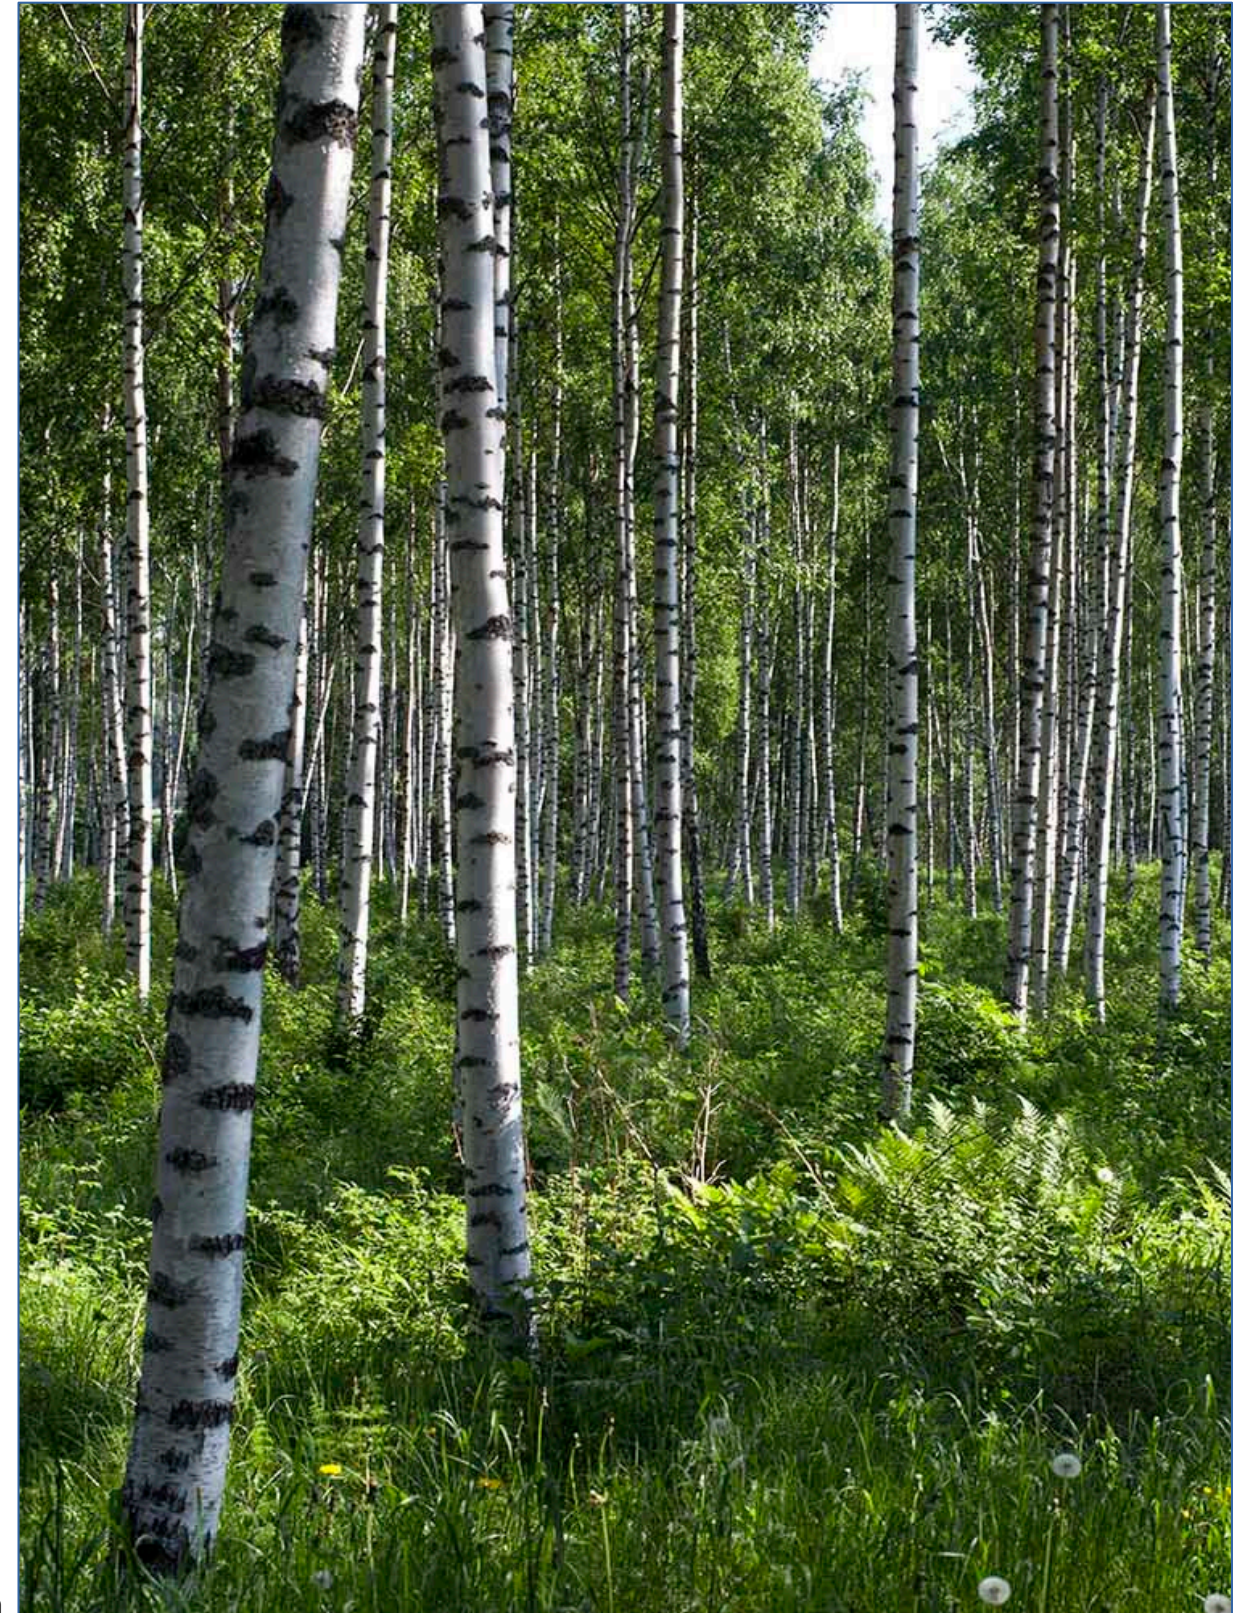

TRUST:

Secto Design appreciates the mutual longstanding trust relationship with its customers, retailers and other stakeholders.

DEVELOPMENT:

Secto Design is dedicated to continuous high quality development of design, production and customer service.

PEFC certified birch

PRODUCTION

Secto Design's fixtures are hand made from PEFC certified local birch wood.

There is a stringent quality control at every stage of assembly process assuring the finest quality of the fixtures.

A holographic label is applied to all Secto Design fixtures to guarantee clients they are receiving a genuine Secto Design creation.

The lamps are made by hand in Finland

SECTO DESIGN USA

Secto Design USA established in 2017 has enjoyed a great success in its infancy.

The selection of 12 ETL/cETL fixtures including pendants, wall lamps, a floor and a table lamp are stocked in a warehouse in USA for fast shipment.

In summer 2020, OWALO 7000 pendant with integrated LED and VICTO SMALL 4251 pendant will become available in the USA.

Visit www.sectodesign.com to view the collection.
